October, 1908

SPECIAL NOTICE—Please note the Instructions and Important Suggestions on next page

INSTRUCTIONS AND IMPORTANT SUGGESTIONS.

ALWAYS CALL BY NUMBER—NOT BY NAME.

The term "BUSY," when employed by an operator in answer to your call, does not mean, as is supposed by some subscribers, that the OPERATOR is busy, but means that the LINE called for by you is busy.

AS TO GOOD SERVICE.

1. Incorrect methods in the use of the telephone result in unsatisfactory service.
2. To Secure Good Service follow directions on this page.
3. Answer your bell promptly; give your number to avoid misunderstandings.
4. Press the telephone firmly to the ear.
5. Stand close and speak directly into the transmitter, in a natural tone, distinctly and not too rapidly.
6. Never hang up the telephone until the conversation is finished; the operator will disconnect it if she finds no one using it.
7. Always hang up the telephone (with earpiece down) after finishing a conversation; otherwise the battery will be exhausted and your bell cut out.
8. Operators are required to be polite under all circumstances; please extend to them the same consideration.
9. Operators can not carry on conversations or receive complaints; their entire attention is required to execute orders for connections.
10. Do not use the telephone during a thunder-storm.
11. Please report cases of trouble or interruption of service or incivility of operators promptly to the Chief Operator.
12. The use of profane or obscene language through the telephone is forbidden.

USE OF TELEPHONE BY NON-SUBSCRIBERS.

The use of the telephone is limited to the subscriber, his family or employee in his interest. Subscribers have no right to allow its use by other parties. Instruments may be removed if this condition of the lease is disregarded.

Subscribers are requested to refer those desiring the use of the telephone to the nearest pay station. All persons, whether subscribers or not, must pay for the use of the telephone at public stations.

"LINE IN USE."

About 10 per cent of all calls strike a "line in use." This can be readily understood from the fact that each wire is connected, upon an average, fifteen times a day. On some wires this average is more than trebled. Operators will inform subscribers when lines are in use. It is easier to make the connection than to report the line "busy," and operators do not make the report to save labor, as subscribers can readily learn by a visit to the Exchange. When a line is reported "busy," immediately replace the receiver on the hook, and wait a reasonable time before again asking for the connection, rather than hold the line to ask questions of the operator and thus prevent others using the line. This is essential to good service.

ATTACHMENTS TO TELEPHONES.

Difficulties with the service experienced by some subscribers are due to the use of mouthpieces, ear-cushions and other unauthorized attachments. Every necessary appliance being supplied by the Company, subscribers are earnestly requested to refrain from the use of other apparatus.

EMERGENCIES.

In case of sickness, fire or other emergency, employees in charge of offices of this Company will extend aid to subscribers in summoning assistance or obtaining information when consistent with the performance of their regular duties. It is understood that such services are given as an accommodation to the subscriber, for which the Company can not assume responsibility of any nature.

TELEGRAMS BY TELEPHONE.

Subscribers will be connected with the offices of the telegraph companies for the purpose of sending or receiving dispatches, but they must first arrange with the telegraph company, by personal application to the Company's office, for the reception and transmission of their telegrams, outward or inward, and payment of the charges. The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages. There will be no additional charge for the use of the telephones for the transmission of such messages for subscribers.

LISTING OF SUBSCRIBERS' NAMES.

The Company assumes no liability for damages accruing from errors or omissions in the making up or printing of the Directory, nor can it guarantee the permanency of call numbers assigned or to be assigned. Subscribers are therefore advised not to print telephone numbers on stationery, etc., but to use the phrase, "Telephone Connection."

TOLL LINES.

Particular attention is called to the system of Toll Lines by which other cities and towns are connected with the Exchange in this city. The advantage of the facilities thus afforded can hardly be over-estimated.

1. The rates for long-line talks are very low. It is to be remembered that these rates cover many words and include an instant answer.
2. The tolls for long-line conversations are charged to the subscriber at whose station they originate Subscribers, to protect themselves, must see that no use unauthorized by them is made of their telephone.
3. "The mail is quick, the telegraph is quicker, but the long-distance telephone is instantaneous, and you don't have to wait for an answer."

CAPITAL CITY TELEPHONE COMPANY.

W. T. GENTRY, President. L. A. CARR, Vice-President.
A. B. ANDREWS, Jr., Resident Director.

Telephone Building, 121 W. Morgan Street.

RALEIGH, N. C.

WILLIAM BOYLAN, Manager.

Employees of this Company are Forbidden to Accept Either Oral or Written Messages to be Transmitted by an Employee of this Company over the Lines of this Company.

ALWAYS CALL BY NUMBER, NOT BY NAME.

OCTOBER, 1908.

REPORT ALL TROUBLES TO 9010.
